

Office of the Secretary of Defense

§ 32.17

SPOC shall advise the applicant whether the program for which application is made has been selected by that State for review.

(d) DoD Components that do not use the SF-424 form should indicate whether the application is subject to review by the State under E.O. 12372.

§ 32.13 Debarment and suspension.

DoD Components and recipients shall comply with the policy and procedural requirements in the OMB guidance on nonprocurement debarment and suspension (2 CFR part 180), as implemented by the Department of Defense in 2 CFR part 1125. Those policies and procedures restrict subawards and contracts with certain parties that are debarred, suspended or otherwise excluded from or ineligible for participation in Federal assistance programs or activities.

[72 FR 34998, June 26, 2007]

§ 32.14 Special award conditions.

(a) DoD Components may impose additional requirements as needed, over and above those provided in this part, if an applicant or recipient:

- (1) Has a history of poor performance;
- (2) Is not financially stable;
- (3) Has a management system that does not meet the standards prescribed in this part;
- (4) Has not conformed to the terms and conditions of a previous award; or
- (5) Is not otherwise responsible.

(b) Before imposing additional requirements, DoD Components shall notify the applicant or recipient in writing as to:

- (1) The nature of the additional requirements;
- (2) The reason why the additional requirements are being imposed;
- (3) The nature of the corrective action needed;
- (4) The time allowed for completing the corrective actions; and
- (5) The method for requesting reconsideration of the additional requirements imposed.

(c) Any special conditions shall be promptly removed once the conditions that prompted them have been corrected.

(d) Grants officers:

(1) Should coordinate the imposition and removal of special award conditions with the cognizant grants administration office identified in 32 CFR 22.710.

(2) Shall include in the award file the written notification to the recipient, described in paragraph (b) of this section, and the documentation required by 32 CFR 22.410(b).

§ 32.15 Metric system of measurement.

The Metric Conversion Act, as amended by the Omnibus Trade and Competitiveness Act (15 U.S.C. 205) declares that the metric system is the preferred measurement system for U.S. trade and commerce, and for Federal agencies' procurements, grants, and other business-related activities. DoD grants officers shall comply with requirements concerning the use of the metric system at 32 CFR 22.530.

§ 32.16 Resource Conservation and Recovery Act (RCRA).

Recipients' procurements shall comply with applicable requirements of the Resource Conservation and Recovery Act (RCRA), as described at § 32.49.

§ 32.17 Certifications and representations.

(a) OMB Circular A-110 authorizes and encourages each Federal agency, unless prohibited by statute or codified regulation, to allow recipients to submit certifications and representations required by statute, executive order, or regulation on an annual basis, if the recipients have ongoing and continuing relationships with the agency. The Circular further states that annual certifications and representations, when used, shall be signed by responsible officials with the authority to ensure recipients' compliance with the pertinent requirements.

(b) DoD grants officers shall comply with the provisions concerning certifications and representations at 32 CFR 22.510. Those provisions ease burdens on recipients to the extent possible, given current statutory and regulatory impediments to obtaining all certifications on an annual basis. The provisions thereby also comply with the intent of OMB Circular A-110, to use less

burdensome methods for obtaining certifications and representations, as such methods become feasible.

Subpart C—Post-Award Requirements

FINANCIAL AND PROGRAM MANAGEMENT

§ 32.20 Purpose of financial and program management.

Sections 32.21 through 32.28 prescribe standards for financial management systems, methods for making payments and rules for: satisfying cost sharing and matching requirements, accounting for program income, budget revision approvals, making audits, determining allowability of cost, and establishing fund availability.

§ 32.21 Standards for financial management systems.

(a) DoD Components shall require recipients to relate financial data to performance data and develop unit cost information whenever practical. For awards that support research, it should be noted that it is generally not appropriate to develop unit cost information.

(b) Recipients' financial management systems shall provide for the following.

(1) Accurate, current and complete disclosure of the financial results of each federally-sponsored project or program in accordance with the reporting requirements set forth in § 32.52. If a DoD Component requires reporting on an accrual basis from a recipient that maintains its records on other than an accrual basis, the recipient shall not be required to establish an accrual accounting system. These recipients may develop such accrual data for its reports on the basis of an analysis of the documentation on hand.

(2) Records that identify adequately the source and application of funds for federally-sponsored activities. These records shall contain information pertaining to Federal awards, authorizations, obligations, unobligated balances, assets, outlays, income and interest.

(3) Effective control over and accountability for all funds, property and other assets. Recipients shall adequately safeguard all such assets and

assure they are used solely for authorized purposes.

(4) Comparison of outlays with budget amounts for each award. Whenever appropriate, financial information should be related to performance and unit cost data. As discussed in paragraph (a) of this section, unit cost data is generally not appropriate for awards that support research.

(5) Written procedures to minimize the time elapsing between the transfer of funds to the recipient from the U.S. Treasury and the issuance or redemption of checks, warrants or payments by other means for program purposes by the recipient. To the extent that the provisions of the Cash Management Improvement Act (CMIA) (Pub. L. 101-453) govern, payment methods of State agencies, instrumentalities, and fiscal agents should be consistent with CMIA Treasury-State Agreements or the CMIA default procedures codified at 31 CFR part 205, "Withdrawal of Cash from the Treasury for Advances under Federal Grant and Other Programs."

(6) Written procedures for determining the reasonableness, allocability and allowability of costs in accordance with the provisions of the applicable Federal cost principles (see § 32.27) and the terms and conditions of the award.

(7) Accounting records including cost accounting records that are supported by source documentation.

(c) Where the Federal Government guarantees or insures the repayment of money borrowed by the recipient, the DoD Component, at its discretion, may require adequate bonding and insurance if the bonding and insurance requirements of the recipient are not deemed adequate to protect the interest of the Federal Government.

(d) The DoD Component may require adequate fidelity bond coverage where the recipient lacks sufficient coverage to protect the Federal Government's interest.

(e) Where bonds are required in the situations described above, the bonds shall be obtained from companies holding certificates of authority as acceptable sureties, as prescribed in 31 CFR part 223, "Surety Companies Doing Business with the United States."
